CRYSTALLIZED LENSES
OVERWHELMING TESTIMONY
In Favor of Hawkes' New Crystallized Lenses Over All Others.

FROM THE EX-GOVERNOR OF FLORIDA
TALLAHASSEE, Fla., March 5, 1888.
Dear Sir: I have thoroughly tested the glasses you fitted to my eyes some time since, and have found them to possess a softness of vision which surpasses anything of the kind I have ever used.
Respectfully,
W. D. BLOKHAM.

Mr. A. K. Hawkes: About a year ago I procured my first pair of glasses from some dealer, but they strained my eyes and caused them to ache. I then bought a pair of your Crystallized Lenses, and the effect has been wonderful, as a proof of which I do not use any glasses now and see as well as ever.

THE PLAYERS MEET.

They Throw Down the Gauntlet to the National League.

THE SEASON WILL OPEN APRIL 19.

Beckley, Mulvey and Delehanty May Be Reinstated by Unanimous Vote of the Board of Directors—Pickett Will Be Retained—The Columbus Club Considerably Demoralized.

New York, April 3.—A conference of the Players' Baseball League was held at the Fifth Avenue hotel. The meeting proved to be harmonious. The opening dates were changed so that the season of both the National League and the Players' League will open on the same day, April 19. This action of the Brotherhood in selecting the same opening day as the National League makes the right more aggressive than ever, and effectually silences the National League people, who were confident that the players were afraid to clash with them in their dates.

Taking Back Deserters.
The question of taking back deserters from the Brotherhood was settled without much argument. It was decided that Beckley, Mulvey and Delehanty be reinstated under a resolution requiring a unanimous vote of the board of directors for such a purpose.

The case of John T. Pickett, the short stop of the Philadelphia Players' club, whose services are claimed by the Kansas City club, of the American association, under a reserve clause, was taken up and settled. It was decided to allow Mr. Pickett to stay with the Brotherhood. Affidavits from that player were produced to show that he had returned the advance money (\$300) given him by the Kansas City club and obtained a receipt for it.

A System of Club Flags.
The action of the Cleveland convention allowing to each club 2 per cent. of all the tickets sold for the completion of the season was reversed and the figures increased to 3 per cent.

During the season each club will be known by a flag as well as by a uniform. Each club will be provided with eight flags and on the day of game its own flag will fly from the flagstaff with that of the visiting team.

The League also adopted resolutions permitting the clubs to give exhibitions of their own games prior to the opening of the championship season. This permission is only for the present season. No exhibition games will be allowed on Sunday.

Empires in Consultation.
The convention then adjourned after passing resolutions of thanks to Judges Howard and Bacon, of New York, and Moore and Vandervelde, of Philadelphia, for their work in the recent legal difficulties between the National League and the Brotherhood.

After the meeting adjourned the umpires assembled and discussed with Secretary Brunell the playing rules and their proper interpretation. Those present were: Bob Thomson, of Brooklyn; Jim Gaffney, of Worcester; Charley Jones and Billy Holbert, of New York; Bobby Matthews, of Philadelphia; Ross Barnes, of Chicago; Thomas Gunning, of Philadelphia, and Alonzo Knight, of New York.

COLUMBUS IN A BAD WAY.

The Baseball Representatives of That Town Daily Demoralized.
COLUMBUS, O., April 3.—The rumor of the sale of the Columbus Baseball club to Indianapolis or Detroit is still going the rounds. The latest one is to the effect that Sunday games are to be stopped here and that no money can be made without them, and that the team has been sold to the Indians by the late of Baldwin, Orr and Daily that it is not much stronger than a minor league club and will not draw the crowds during the week that it did last year.

However, had \$8,000 in bullion with him and other passengers had about \$2,000 more, but all the three out of the city and the driver to proceed which he did.

Two Warm for Wool Merchants.
NEW YORK, April 3.—F. R. Townsend & Co., commission woolen merchants at 75 Broadway, made an arrangement today to James F. Young, of Philadelphia, giving preference to John & James Dolson, of Philadelphia, for \$12,000. The liabilities and assets are unknown. The failure is attributed by the assignee to the succession of warm winters and the consequent depression in trade. The assignee said the outlook was very favorable to the creditors.

Proceedings in Congress.
WASHINGTON, April 3.—Mr. Edmunds reported from the senate judiciary committee a substitute to the anti-trust bill. The resolution changing the day of the hearing to 12 o'clock was passed. The conference report on the fortification bill was agreed to. The consideration of the Montana election case was then proceeded with.

The house passed the bill authorizing the construction of a bridge across the North river at New York. The Idaho admission bill passed at length and went over as unfinished business.

A Victim of Popul Farming.
ST. THOMAS, Ont., April 3.—A young Englishman named James Potter has arrived here on his way to Walker's Station to take his place as a pupil farmer. He says he is a victim of a fraudulent London agent who secured £50 of his money in return for the position on the farm. Potter had Birchell's address in his pocket and intended to correspond with him, but made the other arrangement. Four or five others are on their way out.

A Substitute for Governor Godell.
CONCORD, N. H., April 3.—The executive council officers notified the Hon. Dr. Arthur Taggart, president of the senate, that Governor Godell was incapacitated by illness for the discharge of his duties as chief magistrate and asking Mr. Taggart to take the oath and discharge the duties of the office during the vacancy.

Bond Purchases.
WASHINGTON, April 3.—The treasury department purchased \$23,350 4 per cent. bonds at 133 and \$5,000 4 per cent. bonds at 109 1/2.

This act is opposed by the conference and is regarded as a gross violation of the rights of immigrants and also because it imperils our merchants, missionaries and their property in China.

A Lone Fisherman's Work.
SAN DIEGO, Cal., April 3.—The lono stage was held up near Escondido, along California, by a lone highwayman with a Winchester, who ordered the nine men in the stage to dismount and the stage company's bullion, which was to have been shipped by that trip. It happened that the \$25,000 which was to have been shipped had been detained. Maj. Zinselman, of the El Paso mine, however, had \$8,000 in bullion with him and other passengers had about \$2,000 more, but all the three out of the city and the driver to proceed which he did.

Wouldn't Be a Duke.
BERLIN, April 3.—The Vossische Zeitung says that at the far famed interview between Prince Bismarck and the emperor the former positively declined to accept the proffered dukedom of Lauenburg, declaring that it was his desire to live in history merely by the name which he made his own.

The emperor insisted upon the ex-chancellor's acceptance of the title; the latter said his decision was irrevocable, and the emperor declared that his was equally so, whereupon it was agreed to postpone the matter until the next day.
